Hi Paul/Larry,

Hope all is well. We will be appointing our standing Cable Advisory Committee to negotiate the Verizon Contract up in June and Comcast up next year. The CAC formation consists of (1) member representing the King Phillip Regional School Committee. Chad Lovett will be the Town's non-voting BOS Liaison.

Could you please connect with the School Committee on this and provide the name of the designated individual as soon as possible so we can make the appointment and commence.

Thanks,

Kevin
